Description

Here is a curious object, interesting and rare to find. It is a trompe l'oeil of a white and gold porcelain jug, the front decorated in colored enamels with a rich plant decoration; the handle, with stylized and gilded foliage. These objects, wall applique were in fact examples of models, sizes and colors intended for production on order. On the back, in biscuit, are applied 2 labels, one of which is still visible: JOUHANNEAUD FRÈRES MANUFACTURE DE PORCELAINE LIMOGES. Good general condition. To note: a minor chip on the back, and a break (not through) on the handle. Everything is clearly mentioned in my detailed photos, please look at them carefully, I am not hiding anything! French working, Limoges porcelain, dating from the second half of the 19th century, Napoleon III
