now kept at the Condé Museum in the Château de Chantilly. Our drawing shows a scene of soldiers near a castle with a soldier on horseback, a horse arching and other soldiers, crossing the river and the bridge. Another genre scene, a painting kept at the Polish Army Museum in Warsaw in Poland "The Prince of Nassau hunting a jaguar" and dated 1784 is close to our watercolor. We find the same horse arching, a soldier on horseback in motion, in a landscape with a castle.
