Description

This charming pair of gilt bronze candlesticks is a Central European production. With their iron pike and the original wax cup. The base is round and the turning of the shafts is cylindrical and has three knots. Note the beautiful old patina of the gilt bronze. These candlesticks have a clean and elegant line giving these high quality pieces a perfect harmony. Similar candlesticks can be found in Veronika Baur's book, Metal Candlesticks. History, Styles, and Techniques; Sciffier Publishing, published in 1996; page 65.
