Description
-------------

Solid silver coffee and tea set by the goldsmith Decoster Regency style coffee and tea set, fully engraved, in 950 thousandths solid silver, made by the Brussels goldsmith Decoster. This exceptional service is a testament to remarkable goldsmith work, with finely chiseled decorations and high quality of execution. The tray is decorated with gadrooned borders. The handles of the pieces are made of walnut, contrasting harmoniously with the shine of the silver. The interior of the sugar bowl and creamer is entirely vermeil. The set is in very good condition.
