

## Empire Candlestick Lamp In Chiseled Gilded Bronze

420 EUR

Period : 19th century

Condition : Très bon état

Diameter : 30cm

Height : 51cm

Description
-------------

Very beautiful Empire period candlestick mounted as a lamp. In gilded bronze, it is entirely chiseled in a very fine way on the themes of fruits and flowers! The circular base is decorated with a row of pearls and laurel leaves, vine branches are interspersed with baskets of multiple fruits, the base of the barrel is decorated with an ear of corn! The cylindrical barrel chiseled in a spiral of flowering rose bushes. A crown garnished with fruits welcoming the socket decorated with laurel leaves, the bobeche chiseled with little flowers. This Empire period candlestick is composed of 10 elements, the gilding is in good condition. Mounted as a lamp without any modification, it can at any time find its original use. Dimensions with lampshade: height 51 / diameter: 30cm  
Dimensions candlestick alone: height 30 / base
