Description

Cosmos, time continues its march led by Zeus pulled by his four faithful steeds. This beautiful 26-year-old square, illustrated by Philippe Ledoux in 1966, was reissued in 1991 and 1999. In silk twill with hand-rolled edges and ivory borders, it is available on a light beige background in a camariou of gold, ivory, beige, taupe colors. Signed Ledoux at the bottom right, we find the title in the center, while the name of the house Hermès appears centered at the bottom. The copyright is at the top right. Dimensions: 88.5 x 87.5 cm Bears its composition label. The silk is still beautiful and the colors well saturated. Note three small holes, probably pinholes, in the ivory border at the top left (see photos). The sale price takes this imperfection into account. Good original condition, used and preserved. Free
