1 300 EUR

Period : 19th century

Condition : A restaurer

Material : Solid wood

### Description

Wood lathe from the end of the 18th or beginning of the 19th century with many tools, chucks.

I think it is complete with all its accessories.

There is also a motor that must have been mounted on it.

The table is made of walnut.

Well made, the whole thing needs to be cleaned to regain a nice appearance.
