

Unpublished Demonstration Box For Cloisonné Enamel Vases 1900, Daum Era China

890 EUR

Period : 19th century

Condition : Parfait état

Material : Copper

Length : 70 cm

Description

Interesting and interesting demonstration box on the manufacture of cloisonné enamel vases from the 19th century. Truly unique object with this series of 8 vases showing the different stages of the manufacture of cloisonné enamel vases up to the last perfect vase. We can clearly see the copper base (1st vase), the cloisonné (2nd) and the different stages of applying the enamels. These vases are in a period woven box with their bone clasp, it is 70 cm long. Everything is in very good condition. Each vase is 15.5 cm high. Period 1880-1900. Unique and very interesting collector's item. To seize
