Description

Elegant female portrait "Elegant with a hat"
Follower of Thomas Lawrence and George Romney (Late 18th - Early 19th century)

This superb portrait captures with great sensitivity the elegance and gentleness of a young woman from the late 18th century, early 19th century. Her delicately lit face stands out against a dark background, creating a refined chiaroscuro effect reminiscent of the work of Thomas Lawrence and George Romney.

The artist, clearly influenced by these great portrait painters, has subtly transcribed the grace of the model: a diaphanous complexion, deep gaze and posture marked by restraint of shadows and lights. A British artistic refinement.
