Description

Rare etching by Ana Eva Bergman, named G 2-1953 Two black forms or two universes
Intaglio in color on Arches vellum paper, Roger Lacourriere workshop. Edition 13/15 This captivating work explores the harmony of forms and textures. Two blackish ellipses, vast and irregular, stand out against a beige, almost organic textured background. The intertwining of lines forms dense and intriguing wholes, evoking both a primordial mystery and an unfathomable depth. The marbled surface of the background offers a striking contrast, recalling the strata of time. 38.2 x 57.2 cm 28.6 x 23 cm excluding margin
