Description

Pair of modernist bookends in lucite and gilded brass from the 50s and 60s. Very pretty pair in excellent condition and without any scratches, which is rare, taking up in its own way the codes of art deco. Note the alliance and the contrast created between the two materials used, combining modern and classic. Very beautiful objects, completely in the spirit of the Jansen house. Possibility of sending in France and around the world by secure and insured package with order tracking. Invoice and certificate provided.
