

Pair Of Regence Period Silver Plated Candlesticks

840 EUR

Period : 18th century

Condition : Très bon état

Material : Bronze

Diameter : 15

Height : 27

Description

Beautiful pair of Regence candlesticks in silver-plated bronze. The shaft with three cut sides still in the spirit of Louis XIV. Beautiful floral decoration chiseled on the entire candlestick (wear). They have kept their bobeche, which is rare. Probably re-silvered. Very good quality and very heavy. Work from the first half of the 18th century.
