19th Century Scottish Agate Stone Brooch, England

120 EUR

Period : 19th century

Condition : Très bon état

Material : Semi precious stone

Width : 3.5 cm

Height : 4.5 cm

Description

Very emblematic of Victorian jewelry of the 19th century, this brooch in golden pompon with filigree effect presents an oval stone in Scottish agate, polished and slightly convex. In addition to being pretty to look at, these brooches were intended to be useful for holding a shawl, a panel of clothing ...
