

Louis-philippe Period Crystal And Silver-gilt Salt Bottle

110 EUR

Period : 19th century

Condition : Bon état

Material : Crystal

Height : 4,90 cm 5,50 cm avec anneau

Description

Crystal salt bottle, green overlay with gold decoration of vine branches with silver-gilt stopper and suspension ring.

Hallmark: boar's head, 800 thousandths, Paris 1838-1919

France, Paris, Louis-Philippe period, July Monarchy (1830-1848)

Good general condition, except for the inner stopper.

NB: Charming object of good quality in overlay and gold decoration. Ladies of quality, too tight in their corsets and dresses, wore these bottles as pendants or in their bags. They could then breathe these bottles filled with ammonia salts to avoid swooning in society.
