Description

Very beautiful Murano glass chandelier from Fratelli Toso. It is composed of 12x12cm and 8mm thick pendants nested inside each other, supported by a 4-light chrome structure, with a chain and a ceiling rose also chrome. The glasses are slightly opaque, as if veiled, this comes from a process used by Murano glassmakers which gives a particular appearance to the glass which reflects the light in a different way than if it were transparent. This chandelier with its structure has a very modern appearance, which allows it to fit into a designer interior, but its artisanal side with its pendants which are not all quite identical also allows it to fit very well into a more classic interior. All the pendants are in perfect condition. Height of the chandelier: 96cm Dimensions of the structure: Height: 60cm, Width: 60cm. More
