### Description

This ring boldly combines an emerald-cut citrine with quality diamonds, creating a modern piece of jewelry full of character. The citrine, a vibrant and warm yellow, is cut in an emerald cut, bringing both clarity and elegance to the ring. The brilliant-cut diamonds, a G color, are arranged around the citrine, creating a perfect harmony between the stones while accentuating their natural brilliance. The voluminous setting, which delicately envelops the stones, underlines the contemporary and avant-garde aspect of the design. - Material: Gold (specify alloy if necessary) - Stones: - Emerald-cut citrine: Weight 3,800 carats, a brilliant golden yellow color, cut to maximize brilliance and clarity. - Brilliant-cut diamonds: Total weight of 0.420 carats, G color (very close to colorless, offering exceptional
