Description

Oil on canvas painting portrait of a young girl with a bouquet of flowers from the late 18th century. Very pretty painting charming by its pastoral subject in the fashion of the late 18th century treating the characters in country fashion. Idealized vision of the characters following Madame Vigée le Brun and her famous portraits. Here a very beautiful painting in excellent original condition never restored representing a very pretty young woman with remarkable eyes. Original frame and mounting. Note the dominant light tones rare in this original configuration.
