Description

An interesting piece due to its rare composition. In a carved and polychromed wooden box, between two angels probably made of wood, one of which holds a vanity and the second brandishes a representation of the martyr's palm, two relics are presented for devotion. The first is of Saint Victoire and a second, more important, of Saint Honesti, Martyr. The whole is enriched with floral motifs, gold thread embroidery, glass beads, pearls and golden canetilles. Our reliquary has these wax seals. Dimensions : 47 cm by 27 cm. Good condition - some losses on the figures. Reference 668
