Description

Magnificent Christ / crucifix frame in very richly carved and gilded oak, from the Regency period. Its upper part, in the shape of a gendarme's hat, has two very finely crafted cherub heads. The original gilding is very beautiful and well preserved. Unusually, the frame retains its original background composed of an oak panel covered with its original (worn) black velvet. Some missing parts / wear from use, but very good general condition. Dimensions: 77 X 55 cm
