

Charles X Chest Of Drawers

2 200 EUR

Period : 19th century

Condition : Etat d'usage

Material : Wood marquetry

Width : 131cm

Height : 100cm

Depth : 58cm

Description

Charles X period chest of drawers in rosewood and lemonwood fillets in the marquetry. The top is in marquetry wood which is quite rare. The front is framed and opens with 5 marquetry drawers. I note a crack on the top and on the sides and some small jumps in the veneer, which is common on this type of furniture. The locks work.
