Description

Very pretty statuette of Mercury standing in bronze with green patina on a light bamboo base, this charming piece, a souvenir of the Grand Tour, Italy 19th century, is finely retouched and looks great, its green patina gives it an antique look, its remarkable green patina of time makes us think of an excavated piece and that's all the better, it produces a beautiful subject on all sides of great elegance, the contrast with its light base accentuates the museum side... in good condition, a neo-classical curiosity of relevance
