Description

This magnificent Louis-Philippe style chest of drawers captivates with the perfect harmony between the nobility of its wood and the finesse of its marble. Crafted from solid walnut, it showcases the exceptional craftsmanship of 19th-century artisans. The richness of its grain, enhanced by a well-preserved original patina, gives this piece a warm and unique character.A Marble of Rare EleganceIts top, made of white marble veined with black, was carefully selected for its brilliance and refinement. Framed by a delicate ogee molding that highlights its contours, this original marble adds a touch of luminosity and timeless elegance. Its smooth, satin-finished surface beautifully catches the light, enhancing the exquisite details of the piece.Exceptional CraftsmanshipOpening to four dovetailed

drawers, this chest of drawers is a testament to high-quality construction. Each drawer glides perfectly and locks with its original single-key mechanism. The interiors, made of solid oak and meticulously cleaned, reflect the care given to every detail. The sides of the chest, also in oak, ensure durability and longevity.Resting on sturdy, well-proportioned "plinth" feet, this chest of drawers boasts impeccable stability. Its perfect balance and quality craftsmanship allow it to stand the test of time without compromise. The entire piece is in excellent condition and has undergone no restoration, preserving its full authenticity.A Piece Rich in HistoryDiscovered in a wine estate château in the Loire Valley, this chest of drawers once belonged to a physician and was placed in his bridal chamber. Passed down through generations, it has gracefully withstood the passage of time without alteration.With its solidity, the natural beauty of its materials, and its timeless appeal, this chest of drawers is more than just a piece of furniture--it is a witness to the past, ready to enrich your interior with elegance and history.
