150 EUR

Period : 20th century

Condition : Très bon état

Material : Glass

### Description

Very beautiful autochromePortrait of a family, young man with a thin mustache, young woman dressed in a military uniform and woman sitting with a bouquet of flowers on her kneesFormat 9x 12 cm "This is not a snapshot, but the reproduction of a frozen and composed moment, illuminated by an impression, a sensation of color generated by multiple touches of pigments modeled by the brush of light" Institut LumièreFiled as a patent in 1903 but unveiled at the Academy of Sciences in 1904, the Autochrome Lumière plate, invented by Louis Lumière, is the first color photography process. The secret of this invention lies in the use of tinted potato starch, allowing the light to be captured and filtered.link on our site <https://www.lavalisearlesienne.com/product-p>
