Description

Still life with fruit. Oil on canvas. Spanish school, 19th century. Still life of assorted fruits placed on a simple horizontal surface, accompanied by a vase of light-colored flowers and two other ceramic pieces towards the right of the composition. The work is clearly inspired by the 17th-century Baroque still lifes of the Spanish school, not the more sober ones (Zurbarán), but rather those created when the influence of Flemish still lifes began to penetrate (much more complex and full of details, figures, etc.) - Dimensions: 101x4x80 cms. int: 85x63 cms
