Description

Souvenir of the Great War of 14/18. Entirely chiseled socket of a farm scene, we notice a young woman giving seeds to the chickens with a dog holding the picnic basket in its mouth, a moment that recalls with nostalgia life at home, during the presence at the front. Large model diameter of the base 23.5 cm, height 23 cm, weight 6 kg. Good general condition, I note however a hole on the back. Indeed, this socket served as a flowerpot hanging on one of the walls of the house. - This item is for immediate purchase, payable by Paypal, we also accept bank transfer or French check. - We refuse sales by telephone, the sale will be made only by Email or request via the Proantic messaging system. - We ensure careful shipping of our items, with insurance and tracking.
