Description

Square in shape with its pointed edges and irregular appearance, this vase plays the trompe l'oeil and the effect of a paper bag and is part of the so-called "handkerchief" style. It is dotted with decorative stamps by Richard Froment and his childish and adorable world with, as a highlight, the representation of "Madame Printemps - Marchande de Bébés" whose baskets overflow with newborns. The stamp of the signature of Sarreguemines and that of the last quarter of the 19th century. Shipping in France and internationally, contact me for terms and conditions.
