2 400 EUR

Period : 20th century

Condition : Etat d'usage

Material : Solid wood

Description

Large Irian Jaya shield in natural wood, stylized geometric decoration probably representing bats in hexagonal frames. This very geometric model in warm brown hardwood is very rare, I have never seen others nor found others on the net. It comes from the Nina and Gilbert Wolmark collection, she was a producer and cartoonist in the 70s (Asterix, Ulysses 31...) and a great collector of Oceanic art. Total height with base 188 cm, good condition. Very decorative curiosity object perfect for a modern or more classic interior.
