Magic Toy Circa 1850

700 EUR

Period : 19th century

Condition : Très bon état

Material : Painted metal

Description

Very rare toy made in France around 1850. A small chemical tablet allows the boat to sail. The box is very beautiful, the sheet metal basin is in perfect condition (22 cm in diameter and 9 cm in height) and there is still the box of chemical product. There are also the rules of the game in French stuck on the lid and in English and Spanish on a loose sheet. Unfortunately the boat is no longer available
