

Celtic Crudely Carved Stone Head On Marble Stand

3 645 EUR

Period : Before 16th century

Condition : En l'etat

Material : Sandstone

Width : 32

Height : 40

Depth : 20

Description

Crude stone Celtic head on a marble base.
Although the eyes, nose, and mouth are carved in such a naive and crude manner, they exude a certain personality. It was displayed in a country house in the UK, above a fireplace, creating a blackened surface on the pink sandstone. A fine example of an authentic stone Celtic head. Circa 300 BCE
