

19th Century Painted Sheet Metal Wall Clock

150 EUR

Period : 19th century

Condition : Etat d'usage

Material : Painted metal

Width : environ 25 à 30 cm

Height : environ 40 cm

Description

Octagonal painted sheet metal wall clock, Charles X period (1830-1840) with butterfly decoration with its ball and ring-shaped attachment.

Beautiful model but average condition: 2 dents on the sheet metal, chips on the dial, missing a hand, wear on the decoration. The clockwork mechanism is present, but needs to be checked.

Shipping costs to France: 20 euros
