Indian Miniature On Ivory Depicting Emperor Shah Jahan - India 19th Century

690 EUR

Period : 19th century

Condition : Bon état

Description

Indian miniature on ivory depicting Emperor Shah Jahan - India 19th century or earlier
Painting on ivory mounted on cardboard in a brass frame under glass. I think the frame is later as it does not perfectly match the shape of the painting. The gold color of the painting has beautiful golden highlights but unfortunately this does not show up in the photos? Frame dimensions 8cm x 5.5cm
