### Description

Circa 1925-1930 France A short dress in black silk chiffon embroidered with lilac glass beads and marcasite beads dating from the Art Deco period. Here the theme of the little black dress celebrated by Gabrielle Chanel and synonymous with French Chic! Straight and loose cut, with a draped effect on one shoulder and a low waist with cubist graphics embroidered with beads. A small unusual detail, the pearl embroidery is highlighted with tiny black plush pompoms. The underdress which was to have a label has disappeared. No flaws, wearable dress, the chiffon being solid. Good general condition. Dimensions: Equivalent to size France 36-38
