

A Pair Of Candle Picks

600 EUR

Period : 18th century

Condition : Très bon état

Material : Solid wood

Height : 65 cm

Description

We present this large pair of giltwood candlesticks, the gilding is heavily worn but they are from the late 18th century Louis XVI-Directoire. The termination ending in small feet, the structure of this pair is triangular, fairly good general condition, there are lovely carvings on the wood and beautiful draperies.(E25)
