Description

Vintage Louis XVI style console table from the 1950s post-war period in Hollywood Regency style. Very pretty console table in excellent condition in light patinated painted wood and fine gold gilding of very good quality. Interesting model first for its decorative qualities and by its dimensions allowing it to be positioned in a corridor for example a shallow room or in a bathroom. Note the very original top with its églomisé mirrored glass. Rear fixings present for a good hanging on the wall. Carved and gilded wood work without the presence of stucco. Possibility of sending in France and worldwide by professional and specialized carrier. Invoice and certificate provided.
