Description

Elegant

pair of small pine wood mirrors, finely carved and gilded with pure gold leaf.

The frames, featuring a refined garland of flowers, are completed with a base decorated with phytomorphic motifs. Each mirror retains its original mirror,

and has a practical hook for hanging. Thanks to their small size, these mirrors

were suitable for placing in small rooms, such as bathrooms or intimate corners

of the house. Of great elegance and class, they represent a furnishing element

capable of embellishing any space with style and attention to detail. Typical

Tuscan manufacture from the early 19th century.
