

Candlesticks In Braided Iron Wire, Late 19th - Early 20th Century

160 EUR

Period : 19th century

Condition : Très bon état

Height : 24 cm

Description

Candlestick, folk art in braided iron wire, late 19th - early 20th century. Napoleon III style. Vosges work from the region of plumbers of baths. Was also produced in the Xertigny area. This work was carried out in small family workshops by the fire in winter after the field work was finished. Decorated with 6 tassels, no missing parts. Painted in black. Remarkably fine work for the shaft and the base. Overall diameter of the foot 14 cm
