Description

Fire engine or motorized sprayer. EC Flader of Jöhstadt, Germany, circa 1920. Motorized sprayer designed for use by horses by the EC Flader company of Jöhstadt, with a folding compartment and space for machinery at the rear, powered by two spoked wheels and equipped with a vertical bar to secure it to the ground when in use. This type of engine was used by firefighters, usually in cities, and the current example, if it conforms to the indications, is known to have been in use in 1925 in Wellsdorf. Dimensions: 340x142x125 cms
