Description

Fire engine or motorized sprayer. EC Flader of Jöhstadt, Germany, circa 1920. Motorized sprayer designed for use with horses by the firm EC Flader of Jöhstadt (name partially visible on the rectangular label on the front of the unit), with a folding compartment and space for machinery at the rear, powered by two spoked wheels and equipped with a vertical bar to be fixed to the ground during use. This type of machine was used by firefighters, generally in cities, and it is known that this example was used, for example, in 1925 in Wellsdorf. - Dimensions: 130x230x145 cms
