Magnificent set of 6 Scandinavian style chairs, French made, mid-1960s! Beech and stained walnut wood with aluminum insert in the curved structures and backs. The design and construction of these chairs give them a crazy elegance and a timeless style! The wool seat is fully removable by zipper. It will need to be reviewed (padding, straps and cleaning) for some of them. Fairly good general condition, despite some (minor) scratches on the woodwork. It should also be noted that some aluminum rods need to be reattached. The price is for the set "as is". For a total and complete restoration by our workshops, please contact us.
