Height : 30 cm

### Description

Ajaccio, the Lively Quays - Painting by A. Théraube (1958) A superb scene depicting a lively view of the quays of Ajaccio. The artist A. Théraube skillfully captures the picturesque atmosphere of the Corsican city in 1958. In the foreground, a fisherman repairs a large net, surrounded by passersby and observers. In the background, three majestic palm trees stand in front of a building facade in warm tones, the ground floors of which likely house several lively businesses. The work, with its bright hues and expressive touch, sensitively captures the Mediterranean atmosphere, between maritime tradition and urban life. An ideal piece for lovers and collectors of Corsican art. Characteristics: Dimensions: 40 x 30 cm (under glass) 31.5 x 24 cm (painting) Technique: Painting on paper
