Sculpture from the late 19th and early 20th centuries representing a young angel in the style of the Middle Ages. Very interesting sculpture in paper and cardboard worked and patinated with a very beautiful head animated by glass eyes. We are surely in the presence of a unique work, a creation for a terracotta project from this famous manufacturer. Signature of the manufacturer, Olot, on a bronze plaque on the back. Very beautiful decorative effect for this unusual work which exudes a certain presence. Possibility of sending in France and worldwide by secure and insured package.
