Description

Beautiful portrait of a young woman, done in pen and enhanced with gouache. The support is a slightly blueish paper. The woman wears a delicately embroidered turban (the only touches of color in the portrait). Her blue eyes attract attention. Her draped clothing is barely sketched, the white gouache highlights give volume. The whole thing fits into the orientalist atmosphere specific to the July Monarchy. The work is in very good condition. There are some foxing spots in the lower part. It is placed under glass, in a beautiful antique-style frame, decorated with gilded motifs in the 4 corners. This one is in perfect condition. The work is signed "P. Le Boulleuger" and dated 1830 at the bottom left. Work visible at the gallery (07240). Shipping: contact us for shipping costs in France and
