Beautiful vase on a foot with a large globular, gadrooned belly and decorated with sculpted friezes of leaves and rows of pearls. Sculpted in a light alabaster with amber veins and treated in the Antique style in a still very classical repertoire, this pretty sized vase is a very decorative object easy to integrate into all types of decor, classic, neo-classical or more contemporary ... In good condition despite some slight old fillings in the row of pearls of the neck (see photos) and presenting a very beautiful general patina.
