

Gold And Diamond Ring

580 EUR

Period : 20th century

Condition : Bon état

Material : Gold

Description

Art Deco period ring in 18K (750 thousandths) yellow and white gold. It is adorned in its center with a small closed-set diamond supported by gadroons on one side and flared motifs on the other, thus forming a bow or butterfly. This module, included in 2 semi-circles, extends on both sides with rounded motifs decorated with a small diamond. PB: 3.20g TDD: 56 This ring of original design is in good condition.
