"the Orange Dawn Of Greenland" Signed By Emanuel A. Petersen, Oil On Canvas

1 800 EUR

Signature : Emanuel A. Petersen (1894-1948) évolue Danoise

Period : 20th century

Condition : Bon état

Material : Oil painting

Width : 68cm

Height : 54cm

Description

A strange atmospheric phenomenon in Greenland, depicted by EA Petersen, who devoted his life to painting the fascinating landscapes of fjords and mountains of this vast icy territory in the early 20th century, which arouses now great covetousness. In our painting, a frail skiff advances on the waves surrounded by ice and desolate reliefs.
