## Hand-made Miniature 3 Cm Closed Shell, 18 Kt Gold & Damascus Barrel Knife

500 EUR

Period : 21st century

Condition : Parfait état

Length : 3 cm fermée

Description
-------------

3 cm close (barrel measure) barrel knife with 18 kt yellow gold and shell handles This tiny knife has a barrel shaped body with 18 kt gold fittings on either end, genuine shell body and Damascus stainless steel blade. The barrel shaped handle houses a steel blade folded on a pivot in between brass liners, which sandwich the blade when closed and extend it when opened. On the bail/ ring end of the knife is a small spring lever, which when depressed will unlock the blade assembly allowing it to be pulled out of the body. There is a \*T\* shaped channel cut into the inside of the barrel on one end only, that accepts the blade assembly. The assembly will only fit into this channel one way. The locking spring on the assembly, fits into the smaller portion of the channel. Once the blade assembly is removed the

blade can be swung into its open position and re-inserted into the barrel and locked into place with the same spring lever that released it. Now it is a fixed blade knife and is very strong. The knife is closed by the same procedure in reverse. This wonderful knife has been entirely hand made, the barrel is made of genuine pre-banned shell, fittings are 18 kt yellow gold and the blade is damascus stainless steel.
