Description

Blond Walnut Sideboard, a very beautiful solid walnut sideboard from Sologne. Beautiful blond walnut sideboard dating from the beginning of the 19th century, more precisely from the end of the 18th century beginning of the 19th century. It has two doors and two drawers with its original keys as well as its locks and metal fittings. It is decorated with sober carved decoration typical of this region. Excellent condition of the walnut and beautiful patina, no restoration to report except the boards of the interior shelf which have been redone. No joint of the feet to report. The drawer slides work very well. A preventive treatment with xylophene was carried out in the workshop. Some parts in the sapwood were a little attacked a long time ago but there is no one in it now. The waxed patina of the blond walnut is superb. A
