

Pair Of Silver-plated Metal Candles. Large Model. 19th Century.

550 EUR

Period : 19th century

Condition : Bon état

Material : Silver metal

Description

Pair of silver-plated metal candlesticks, tripod feet with lion claws. Two distinctions between the two candlesticks: one has feet that are just a little wider, and one is decorated with a flower and the other is cross-braced, otherwise identical, same width, same height. Note that one is missing the hook to fix the candle. Height 37.5 and 45 cm
Width between the lion claws 21 cm
