Description

18k Rose Gold Pendant with Stylized Flower Motif and Diamonds This 18k rose gold pendant is delicately set with brilliant-cut diamonds, forming a stylized floral motif with four petals.

This jewel plays with light thanks to the alternation of central diamonds and a subtle paving. The entire motif evokes the softness and symmetry of a clover or a flower, while maintaining a modern and precious style. The pendant hangs from a thin, understated, and sturdy chain that enhances the piece without distracting from its central motif. Stone
