Description

Set of 13 fruit knives. The handles are made of mother-of-pearl and the blades and ferrules are made of silver, Minerva hallmarked 2nd title (800/1000). Good condition, beautiful shine, note some light scratches from use on some blades. Note that on three handles the mother-of-pearl is flaking a little, which is difficult to see by eye, but can be felt by touch. This does not detract from their solidity. The cutlery is stored in an antioxidant fabric bowl. French work from the beginning of the 20th century made by the silversmith Paul Canaux et Cie working between 1892 and 1911 in Paris.
